Aiman Ijaz

AI Enthusiast | Exploring Machine Learning | Python | Graphics Designer

Lahore, Punjab, Pakistan

Summary

I am Aiman Ijaz an undergraduate student of Artificial Intelligence in Superior University, I am passionate about harnessing the power of technology to solve real-world problems. My academic journey has equipped me with a solid foundation in AI concepts, machine learning, and data science, while my hands-on projects have deepened my understanding and practical skills.

Alongside my AI studies, I'm also skilled in graphic design. I create visual content such as logos, illustrations, and other designs. My experience allows me to combine creativity with technical skills to effectively communicate ideas.

Currently, I am focusing on projects that involve data visualization and user experience. I am enthusiastic about the potential of combining these fields to create innovative solutions and compelling designs.
